

Dear Friend,

The Brewster Rockets is a girls fast-pitch softball program. Our athletes compete at the highest levels in the region. For over fourteen years our young athletes, ages 9-18, have participated in eight local regional and national tournaments. Our organization is six teams strong in 5 different age brackets.

The purpose of our organization is to assemble a group of highly skilled athletes to compete in regional and national tournaments. We are also developing and preparing our young ladies for advanced scholastic athletics.

Our team will participate in tournaments all over the Northeast. We travel to New Jersey, Pennsylvania, New York, Connecticut, Rhode Island, Massachusetts, and New Hampshire and compete against athletes from all over the country. We also host our own tournament in Brewster, New York.

Each year we ask local businesses to help defer our expenses by donating to our program. We put sponsor names on our banner that will be displayed at each of our games. We also put sponsor names on our websites (www.brewsterrockets.org). Your company will be seen by potential customers as a business supporting young women in sports. What better way to **advertise** your company.

The collected money will go directly to the team you choose to sponsor. Each team will use the funds to offset their expenses for a week-long Pony National Tournament, and to help with costs of equipment and training. Please make your check payable to the Brewster Rockets and select the team and appropriate hit amount below.
